Agenda Item #6: New Business

- A. Salmon River Properties of NC submitted an amended site plan to add a 2' x 25' bar area to the existing lower deck and stairs from upper to lower deck. The property is at 4838 N Jefferson Street. It was noted that the stairs made for an additional exit and a safer and more efficient walkway for both employees and patrons. A proposed functional bar will be on the lower deck. These additions would also contribute to the safety and efficiency of the restaurant, employees and patrons. There was a discussion about whether it was necessary to return to the Board for the addition of the stairs and a non-functional bar. It was determined that it was only necessary to receive Board approval to convert the nonfunctional bar to a working bar with water and electricity. Mark Dobrzynski made the motion to approve the amended site plan with the condition that the Board revisit the plan in six months to determine whether the hours the lower bar is open is causing documented disturbances and whether those hours should be limited specifically to whether the hours should be limited to the restaurant hours. David Rockwell seconded the motion and Melissa Wadkinson, David Rockwell, and Mark Dobrzynski voted in favor of the motion. Ernie Wheeler abstained, and Janice Kozma voted no. The motion passed.
